LET'S EXPLORE
THE MAGICAL
FARM!

Market Overview

The world of blockchain games is expanding day by day with a lot of games being published. Along with this amazing development is many projects which called Blockchain Games but **lack the soul of a pure game.**

Although **Play to Earn** is the difference, the player experiencing unsatisfactory when **Gameplay - Storyline - Graphics** are not attractive enough to bring **entertainment** and spiritual **satisfaction.**

Mission

Vero Farm was born to solve the above problems, helping players even **make money** while playing the game and still being attracting by the game from performing **good gameplay – attractive storyline and beautiful graphics.**

About Vero Farm

Vero Farm is a **NFT blockchain game** inspired by traditional farm games with inclusive of expensive ecosystem that immerses player into the game world.

Players can grow plants, raise animals, equip the farm and participate in battle modes to fight **against monsters or other players** to protect their own land.

Vero Farm is suitable for all ages and genders, from there everyone can experience the game with **bringing blockchain technology to millions of users** around the world.

Vero Farm Features

Farm Building: The First mode was launched as “Free To Play” to help players experience the feeling of farming on their own farm. After that when “Play To Earn” launched, game items (NFTs) will be used in PVE and PVP from there they will be valued and traded on Vero's Marketplace.

Player vs Enemy (PVE): Players will use plants and animals to fight against wild animals that damage crops (Bats, Rats, Wild Boars, ...) and can gain VERO tokens as rewards.

Player vs Player (PVP): Players even can match fighting with each others, the winner can gain Vero tokens as reward and increase the ranking point in PVP mode. The top players with the highest ranking in the season will receive the gift of NFT and Vero Token.

Marketplace: Where players can buy, sell and exchange in-game items.
Vero Shop: A place to buy and sell limited or special NFTs.

About Vero Token – VERO

\$VERO is **Vero Farm Game project's Token**, building up the ecosystem and creating the **NFT market**. \$VERO is not only used in the game's ecosystem, but also can be exchanged and traded with billions of other users on the BSC Blockchain platform.
